

As the recent global and national events surrounding COVID-19 continue to unfurl, we would like to wish all of you, good health and encourage you to be safe and take care of yourselves, your families, friends, and colleagues.

- We, at BodiSculpting Specialists are taking all of the available measures to protect our staff and our patients. **We remain open for business, seeing new and existing clients daily and are being extra vigilant in our care and cleanliness of our clinics.**
- Because we are a by appointment-only small boutique specialty clinic, we can assure all of our clients that our appointments are completely individualized and private. **Our only staff are our treating medical professionals, unlike most medical offices and medspas. We are extremely unique and personalized in that regard.**
- Our team is taking all of the appropriate sanitary measures to ensure that all touch-points, equipment, countertops, door knobs and treatment areas are cleaned extensively after every appointment, every day, to ensure the safety and health of all of you who would like to schedule with us.

If you would like to make an inquiry or schedule an appointment our expert providers are happy to help. They have performed over 25,000 treatments.

Give us a call at [541-725-2634](tel:541-725-2634) or text directly [541-543-8887](tel:541-543-8887).
